

Moon Journal

63 possible points * Neatness Counts Greatly

Name _____ Period _____ Due Date _____

Draw the shape of the moon as it appears in the sky each day or evening. **Label** the phase the moon is currently displaying (i.e. new/full moon, waxing crescent/gibbous, first/last quarter, waning crescent/gibbous). Use color pencils. **Follow directions completely for full credit.**

Observation: Beginning Date _____ Ending Date _____

Monday	Tuesday	Wednesday	Thursday	Friday	Saturday	Sunday
Week 1 Phase _____	Phase _____	Phase _____	Phase _____	Phase _____	Phase _____	Phase _____
Week 2 Phase _____	Phase _____	Phase _____	Phase _____	Phase _____	Phase _____	Phase _____
Week 3 Phase _____	Phase _____	Phase _____	Phase _____	Phase _____	Phase _____	Phase _____

Describe any unusual characteristics or observations (halo around moon, strange glow, cloud cover, etc.). Convey this in your drawing if possible, otherwise include the date that you made this observation in a dated log attached to moon journal.
